

Student's assignment - My Family and Me

A. Draw your home and family

- Go into an empty new world. This world will be your family world.
- Open the "animal" editor and draw yourself. Write your name in the text box.
- Draw the rest of your family members and name each one.
- Open the background editor and draw your home and the environment.
- Do you have a pet? Don't forget to draw it!
- Open the refrigerator and draw your favorite food

B. Create an animated scene from your family life

Think of a scene from your family life in which 2 family members were involved, like an interesting or funny conversation between you and your mom. If you can't think of anything, try creating an imaginary scene...

- Go to the books planet and click on the "create a new book" icon
- Click on "new book" button.
- Choose 2 of your family members and select a title that would describe the scene.
- Create a short story by dragging the characters into the book page and write about what they are saying to each other.
- You can describe the scene in the text box in the bottom of the book pages.

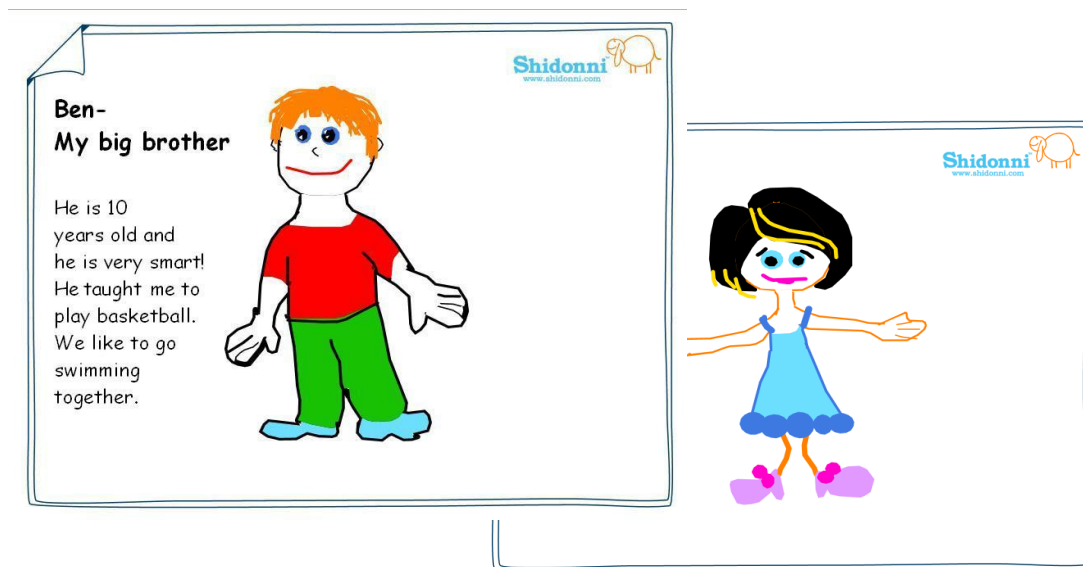

C. Create a family drawn album

1. Front cover page

Click on the camera button from the world, to create a "photo" of the whole family to put on the cover of your family album.

2. Family members pages

- Open the editor of each one of your family members' drawings.
Click on the camera button and print each of the characters.
- On each character page write:
 - a. Name
 - b. How you are related
 - c. A short description of the character
 - d. What you like to do together
 - e. What you like about the character

3. My home

Click on the camera button in the background editor to print your drawing of your home and environment.

Write a description of your home or environment: What does it look like? What do you like about it? What don't you like about it?

4. Our family stories

Every family has their own special stories. Write down an interesting, exciting or funny story from your family life.
